

4JSW have had a really exciting term!

During book week which was influenced by World Book Day we all looked at different Authors.

In our department we chose the book 'Esio Trot' by Roald Dahl.

We enjoyed you all coming to share our books with us.

4JSW also crafted tortoises from air dry clay and then painted them.

In **4JL** this term they have been busy with their creative group art project. The topic has been 'Street Art and Street Music' and they have really enjoyed listening to and watching the performances of 'Stomp!' on the IWB and looking at some work by the famous artist Roy Lichtenstein, who is well-known for his comic book, pop art style pieces. They have had lots of fun, finding 'instruments' out of everyday objects, such as copper pipes, radiators, plastic pipes and table tennis bats, clothes rails and metal dustbins.

During their humanities class **4CA** have been looking at World War One, where learners have been using the school laptops to find out facts and details about the Great War. Some of the focuses have been: the reasons behind the conflict as well as some of the countries involved; equipment and artillery;

Spring 2015 14/19 Newsletter

We have absolutely loved having the chicks in school and being able to watch them hatch, take their first steps and snuggle up together in the brooder. We have had to handle the chicks to ensure they are clean and healthy and provide them with food, water and a hygienic living environment.

Work related Learning

Using local facilities

5DPW have continued their weekly visits to Stowe to work in and around the Farmhouse Garden adjacent to the New Inn Visitor Centre. As well as routine maintenance tasks such as weeding, leaf raking and general tidying, they spent two weeks hard pruning some large hazel bushes, learning how to use loppers and hand saws. This will let more light into the garden.

We have continued to enjoy art and design at Friars school as well as working in the Wrenn Spinney sweet shop.

The Drama group at the 'Bee Hive' have also been combining their musical talents with their theatrical skills.

5DPW - Carpentry Moulton

College

The class have had an interesting time at the Moulton college site in Great Billing. The class have learnt lots of new skills with a variety of tools and are working hard to

Cutting one

Cutting the-wood to size

Sawing the lid to size

We have been really proud of the development of our latest group of Horsemen. Initially many of the students would not engage with the horses but look at them now!

Trampolining continues to be a success.
